PAYING TAXES

It will soon be time to make out a list of all your taxable property, and pay your taxes, if you have not already done so for 1914. Giving in a true list of everything in your possession subject to taxation will be the best way to reduce taxes and help our county and towns. People make a great mistake in accumulating property that they cannot cheerfully pay taxes on and complain that "taxes eat them up."

Taxation should be just, and it would not be near so high if everybody would give in all their cash, diamonds and invisible property to the assessor and pay the tax on it. Conscientious tax payers are the best citizens in the world; they are men to be trusted and men who will be rewarded. Give in a true list of all your property and be assured that next year you will have the money to pay your taxes, and you will. It is better to be right than rich. Begin your financial year by keeping books. See how much you make, what you spend and how little you save. Don't let little debts get the best of you or big debts kill you; hard work and perseverance will master both. It is a great thing to see a man struggling to pay his honest debts, especially when his hair is beginning to be sprinkled with gray and age creeping upon him. It is never too late to try—if you fail, there is always another chance as long as you have mind and heart.

A MAN OF SENTIMENT AND SIMPLICITY.

Pope Pius the Tenth, who passed away last week, heart-broken by the war, was a man of deep sentiment and simple tastes. Among many stories told of his simplicity one is that of his fondness for his old watch. A French Bishop once offered to give the Pope in exchange for it a very costly time-piece. But Pius after admiring the jewels and gold, looked at his own five-franc watch and exclaimed: "No, no, this old watch is too dear to me. I held it my hand as I stood by my mother in her last illness and felt her life's pulse ebbing away."

Pope Pius arose every morning at half-past four. His days were filled with the great tasks of his office, and he carried into all his work sympathy with common human needs, wholesome humor and great faith in things eternal.

SHE WHO WORE THE WHITE RIBBON.

The death of Mrs. Martha Henning, of Hawesville, will cast into memory thoughts that will live for ever to inspire and encourage good lives. The influence of her life has been felt by those who have never known her and her great work for good will continue like the lilies that grow in the field. Mrs. Henning was a zealous worker for the Woman's Christian Temperance Union; she was not afraid to stand for the right. She had a lovely home in which death brought sorrows that her heart was great enough to bear with a wonderful spirit—and this one, who wore the little white ribbon bow-knot, will linger sweetly in the memory of hundreds.

We have missed our annual Masonic barbecue. It is a good thing for every town to have its special days. Hardinsburg has the county fair, and Irvington the country fair, and it is lonesome in Cloverport without that annual celebration in Skillman's grove. It is not good for a town to live unto itself and we hope that 1915 will bring to Cloverport a day when we can go out and invite people to come into our midst for a few hours of social pleasure.

Fraternization between Federalists and Constitutionalists in Mexico City is said to have been more demonstrative than anything of the kind ever before witnessed in that capital. Everybody was happy over the restoration of peace and the prospective establishment of popular government. It is a little early yet, probably, but that public subscription for a statue of Woodrow Wilson will be opened pretty soon, no doubt.—New York world.

W. R. Moorman, Jr., is president of the American Polled Durham Association, Chicago, and was last week elected vice-president of the Southern Cattle Breeders Association which met at Meridian, Miss. This is a distinguished honor for Mr. Moorman. He is a fine young man, and is building not only a reputation but a prosperous business as a breeder of Polled Durhams. He is the junior member of W. R. Moorman & Sons, Glen Dean.

This week we are publishing the list of the new text books for each grade separately. This will be convenient not only for the teachers and pupils, but for the merchants who sell school books this year. Save the list.

REPORT OF COUNTY HEALTH LEAGUE

The reports from the local Health Leagues show that this fine piece of work is moving on well, all signs are encouraging.

Hardinsburg League reports \$36.00 raised, \$3.33 used for local expenses, and \$32.67 placed in County Treasury. This is a fine report for a beginning. Stephensport League reports \$8.00 in local treasury, but this has not been sent to the County Treasurer yet. We would be glad to receive it at once. The few faithful at Stephensport deserve credit for what they are doing. Push on!

Irvington League has not reported. We have asked kindly twice for their report, but they persist in not sending it. However, we have heard they are doing good work.

Cloverport League reports \$16.00 that has been placed in the County Treasury. Every day or two some one sends a dollar to be put in this work. This is a good report.

This is a great work for Breckenridge County. Let every body push it.

W. C. Frank,
County Sec'y and Treas.

MEXICAN JAILS BEING FILLED

Carranza Putting Away Followers of Huerta.

MAY DISAPPEAR FOREVER

General Belief in Mexico City That Hundreds of Political Prisoners Taken Since Carranza Assumed the Reins of Government Never Again Will Be Permitted to Enjoy the Pleasures of Freedom.

Vera Cruz, Mexico, Aug. 24.—Peaceful adjustment of the domestic affairs of the republic of Mexico seems more remote now than at any time since the overthrow of Porfirio Diaz. General Carranza, as Constitutional leader, occupies the president's palace in Mexico City, but the tenure of his administration is problematical. Already the standard of revolt has been raised in many places, and to those who have watched the trend of developments recently there is the strongest doubt that the new regime can be maintained for any length of time, even with the moral support of the administration at Washington. All dispatches sent out of Mexico City are subjected to a prohibitive censorship and the mention of the name of General Villa is not allowed in any news matter sent out of the capital. This would seem to indicate that the talk of a friendly agreement between Carranza and the general of the north is without foundation.

While the dispatches sent from the capital have described the triumphal entry of Carranza into Mexico City, responsible persons arriving here say that the event elicited no enthusiasm on the part of the Mexican public. The crowds in the streets regard the Constitutional forces more as a curiosity than anything else. In the meantime jails are being filled with hundreds of persons who are charged indiscriminately with participation in Huerta's alleged crimes. None of the prisoners are permitted to communicate with the outside world, and there is a general belief that most of them will disappear forever.

SHE BEATS AVIATION RECORD

Lily Irvine Flies Seventy Miles Over Water in Sixty Minutes.

Lily Irvine made a seventy mile flight in a hydroplane from Cedar Point to Euclid Beach, O., in sixty minutes, breaking the record for this trip, made by Glenn Curtiss, and making the longest over water flight ever made by a woman.

Miss Irvine started her hydroplane gliding from the beach and mounting in a spiral. Then she headed her craft directly for Cleveland. She was accompanied by a mechanic.

A strong west wind helped her to make her trip in remarkably fast time. Glenn Curtiss made the same trip in 1910 in seventy minutes.
